

For the prevention and cure of
BILIOUS AND MALIGNANT FEVERS
is recommended
Hahn's ANTI-BILIOUS PILLS
THIS Medicine has been attended
with a degree of success highly grateful
to the inventor's feelings in several parts
of the West Indies and in the Southern
and Middle States, &c.

The testimony of a number of persons
can be adduced, who have reason to be-
lieve that a timely use of this salutary re-
medy has, under Providence, preserved
their lives when in the most alarming cir-
cumstances.

Facts of this conclusive nature speak
more in favour of a medicine than con-
fessions of pompous eulogy founded on
mere assertion.

It is not indeed presumptuously pro-
posed as an infallible cure, but the inven-
tor has every possible reason that can re-
sult from extensive experience for be-
lieving that a dose of these Pills taken
once in every two weeks during the pre-
valence of our bilious fevers, will prove
an infallible preventive; and further,
that in the earlier stages of those diseases
their use will very generally succeed in
restoring health, and frequently in cases
steemed desperate and beyond the pow-
er of common remedies.

The operation of these pills is perfectly
mild, so as to be used with safety by per-
sons in every situation and of every age.
They are excellently adapted to carry
off superfluous bile and prevent its mor-
bid secretions—to restore and amend the
appetite—to produce a free perspiration
and thereby prevent colds which are of-
ten of fatal consequences. A dose never
fails to remove a cold if taken on its first
appearance; they are celebrated for re-
moving habitual costiveness—sickness at
the stomach and severe head-ache—and
ought to be taken by all persons on a
change of climate.

They have been found remarkably effi-
cacious in preventing and curing disor-
ders attendant on long voyages, and
should be procured and carefully preserv-
ed for use by every seaman.

Hamilton's Elixir,
A sovereign remedy for colds, ob-
stinate coughs, asthma, sore throats, ca-
rries, and approaching consumptions.
To parents who have children afflicted
with the **HOOPING COUGH**, this dis-
covery is of the first magnitude, as it af-
fords immediate relief, check the pro-
gress, and in a short time entirely re-
moves the most cruel disorders to which
children are liable. The Elixir is per-
fectly agreeable, and the dose so small
that no difficulty arises in taking it.

Hamilton's Grand Restorative,
Is recommended as an invaluable me-
dicine for the speedy relief and perman-
ent cure of
Nervous Disorders Violent cramps in
Consumptions the stomach and
Lowness of spirits back
Loss of appetite Indigestion
Impurity of blood Melancholy
Hysterical affection Gout in the stomach
Nervous weakness Pains in the limbs
and debility Relaxations, etc.

**Hamilton's Essence and Extract of
Mustard.**
A safe and effectual remedy for acute
and chronic rheumatism, gout, rheumatic
out, palsy, lumbago, numbness, white
swellings, chilblains, sprains, bruises, pain
in the face and neck, etc. etc.

Lee's Ointment for the Itch.
Warranted an infallible remedy at one
application, may be used with perfect
safety by pregnant women, or on infants
week old, not containing a particle of
mercury or any dangerous ingredient
hateful, and not accompanied with that
obnoxious smart which attends the ap-
plication of other remedies.

**Hahn's true & genuine German Corn
Plaster.**
An infallible remedy for corns, speedily
removing them root and branch, with-
out giving any pain.

The Genuine Persian Lotion,
So celebrated among the fashionable
roughout Europe, is an invaluable cos-
metic, perfectly innocent and safe, free
from corrosive and repellent minerals,
a basis of other lotions, and of un-
paralleled efficacy in removing blemishes
from the face and skin, freckles, pimples,
flamatory redness, scurfs, tetters, ring-
worms, sunburns, prickly heat, &c.

Hahn's genuine Eye Water.
A sovereign remedy for all diseases of
the eyes, whether the effect of natura
sickness or of accident.

Tooth Ache Drops.
The only remedy yet discovered which
gives immediate and lasting relief in the
most severe instances.

Hahn's Infallible Ague and Fever Drops
For the cure of agues, remittent and
intermittent fevers.

At the place of sale pamphlets
may be had gratis, describing cures per-
formed by the above medicines; the num-
ber, importance and respectability of
which, fully justify every article of this
advertisement.

Proposals.
FOR Publishing by Subscription, and
now ready for the press, a series of
historical volumes, which when finished
will assume the title of
Universal History Americanised:
Or, an historical view of
Europe, Asia, Africa and America,
from the earliest records to the nineteenth
century—with a particular reference to
the state of society, literature, religion,
and form of government in the United
States of America.
By **DAVID RAMSAY, M. D.**
"Life is so short and time so valuable,
that it were happy for us if all great
works were reduced to their quintes-
sence."
—Sir William Jones.

PROSPECTUS.
The Asiatic part of this work contains
a general view of the antediluvian—of
the general deluge—of the re-settlement
of the Globe after that great event—of
the primitive postdiluvian nations, which
were formed in Asia, the cradle of the
world. Their various ramifications, re-
volutions, and of the general course of
Empire.

AFRICA.
The African part contains a concise
history of Egypt, Carthage, Numidia,
Mauritania, Abyssinia, of the Piratical
States, and the Hottentots, with a group-
ed view of its uncivilized settlements.

EUROPE.
The European part contains the history
of Greece and Rome, from their origin
to their dissolution—of the various
nations which were conquered by them—
and of the nations by which the Romans
themselves were finally conquered, and
of the nations which were formed from
the fragments of the Roman Empire; and
the various revolutions of the latter, to-
gether with a view of the nations which
never were subjected to the Romans.

AMERICA.
The American part contains a general
history of the Western continent, under
the heads of Free, European, and Abor-
iginal or unconquered America. The
first contains a history of the United
States, from their first settlement as
English Colonies, till the present time—
The second, of all parts dependent on
Europe—And the third, of all that are
still owned by the Aborigines.
It is expected that the whole will be
comprised in 10 or 12 octavo volumes,
of between four and five hundred pages
each—to be printed in Philadelphia,
on good paper and fair types, for \$3
1-3 per volume, in sheep binding, or
\$4 1-3 Calf Gilt, to be paid for on deli-
very.

AUTHORITIES.
This work has been in contemplation
upwards of 40 years. The project of
it was conceived in 1786, on reading the
Universal History, then recently edited
in 60 volumes, by a society of gentlemen
in England. The original idea of ex-
tracting the quintessence of that volu-
minous work, which contained the most
complete system of history the
world had then seen, has ever since
been enlarging and improving by an
attentive perusal of the histories writ-
ten by Robertson, Hume, Gibbon, and
other modern authors—of the Asiatic re-
searches—of the works of Sir William
Jones, and other learned Orientalists—
the publications of intelligent travellers,
who, in the course of the last half cen-
tury have explored almost every region
of the Globe. These collectively have
thrown a blaze of light on countries com-
paratively unknown, and on portions,
both of ancient and modern history which
were confused and obscure at the period
when the writers of the Universal History
published their work. The arrange-
ment of materials collected from these
sources commenced in the year 1780,
when, in consequence of the surrender
of Charleston to Sir Henry Clinton, the
author was suddenly released from a sea
of business and sent as a prisoner of war
to the British Garrison then in St. Au-
gustine, and there confined for eleven
months, without any peculiar employ-
ment. Steady progress has been made
for the last ten years in correcting and
transcribing the work for publication.

UNITED STATES.
The History of the United States is
given at full length—that of foreign coun-
tries is more or less expended or con-
tracted in proportion to the intrinsic im-
portance of each—its tendency to illus-
trate portions of Holy Writ—the Greek
and Latin Classics—and also in propor-
tion to its connexion with the U. States,
or as furnishing useful practical infor-
mation to its citizens, or as the paternal
soil of their ancestors.
The above sketch of the nature and
objects of this immense work, which has
occupied the attention of the Author for
upwards of 40 years, was found among
his papers, and is now given to the pub-
lic in his own words. Since that period,
a few chapters have been added by the
Reverend **SAMUEL STANHOPE SMITH**,
which brings it down to the close of the
last war.
The publication commences with a
third impression of the History of the U.
States, in three volumes, which is all that
has ever appeared. The whole will not
be delivered under 15 or 20 months. It
is proper to state, that the gentlemen
who have the direction of it are neither
booksellers nor printers, and receive no
pecuniary consideration for their trouble
—but are willing to make the necessary
advances for carrying it into execution pro-
vided the sale is warranted by public pa-
tronage. The profits arising are to be
appropriated for the support and educa-
tion of his children, four of each sex to
them its success is a matter of deep im-
portance.

TUESDAY, APRIL 21, 1818.

FROM OUR CORRESPONDENT AT WASHINGTON.

Sunday, April 19, 1818.

The house of representatives has sat in session so continually—I might almost say both day and night—for the last forty-eight hours, that I had not time to drop you a satisfactory line till this morning. An improper time, no doubt, but which I hope will be forgiven in consideration of the urgency of circumstances; since the house will meet again to-morrow, and probably sit so uninterruptedly that I shall not have time to write again till Tuesday. In fact, the mass of business that still remains undisposed of is so great, and some gentlemen entertain so strong and just a sense of the importance as well as propriety of disposing of it, that a motion was made on Friday, at night, to rescind the resolution to adjourn on Monday; but it was unsuccessful.

It gives me heartfelt satisfaction to announce to you that a pension of sixty dollars a month has been voted to that brave old revolutionary veteran general Stark; and that the bill for the aid of invalid pensioners was ordered to a third reading.

Two resolutions were submitted by Mr. Trimble—the first requiring the secretary of war to report to the house at an early period of the next session what reduction may, with safety to the public service, be made in the military peace establishment; the second requiring the secretary at war to report at an early period in the next session what change ought to be made in the ration established by law, and also to report a system for the establishment of a commissariat for the army. Mr. Trimble observed that it had become manifest from what passed in debate a few days ago in that house that information on the subject of a commissariat was much wanting, and as it was a subject that would probably be brought forward next session, it was advisable to have it fully considered and digested by the war department, so as to be laid before the house in a properly matured state. An immense saving might no doubt, he said, be made by the establishment of a well adjusted commissariat.

To the first of Mr. Trimble's resolutions, Gen. Smith objected the necessity of manning the various fortifications and defending the vast extent of our frontier, and moved to insert the words, "of the expenses of," after the word reduction—an amendment which was opposed by Mr. Williams, of N. C. who maintained, what he had declared in a former debate, that 6000 men were abundantly sufficient for a peace establishment. Gen. Reed, too, was in favor of the resolution, and Mr. Miller was against it. The resolutions, however, with Gen. Smith's proposed amendment, were assented to.

A bill for increasing the compensation of executive officers and the clerks of the several departments, went through the consideration of the house in a committee of the whole, and was read a third time and passed.

An unsuccessful attempt was made to sit and do business this day.

We understand from Princeton, that on the 15th instant, by an unanimous vote of the trustees, the degree of Doctor of Divinity was conferred on the Reverend Stephen Bloomer Balch, of Georgetown.

On Thursday Henry B. Hagerman was arraigned before the Court of Sessions, on an indictment for an assault upon William Coleman, with an intent to kill him. He gave additional security to abide the order of the court.

[New-York Gazette.

From the N. Y. Com. Adver. April 16.

COUNTERFEITERS.
By the Herkimer American we learn, that on the 1st instant two men were apprehended and committed to the prison of Herkimer county on the charge of passing counterfeit bank notes. They had in their possession about two thousand dollars in forged bills of the following description: Fifty dollar bills of the

Manufacturers' and Mechanics' Bank, Boston; ten dollar bills of the Bank of New-York; five dollar bills of the Bank of Pennsylvania, Philadelphia; five dollar bills of the New-York State Bank; three dollar bills of the Philadelphia; three dollar bills of the Merchants' Bank, New-York; five and two dollar bills of the Mechanics' and Farmers' Bank, Albany; and five dollar bills of the Bank of Alexandria.

COMMODORE AURY.

Captain Snow, of the schooner Columbia, from St. Domingo, arrived at Philadelphia, informs that on the 15th of March he was boarded in the Mona passage by the Patriot privateer brig Brutus, with six six pounders and 28 eighteen, and 143 men, treated politely, and informed that commodore Aury's squadron would take possession of Samana (N. E. end of Hispaniola) in 4 or 5 days. The Flying Fish privateer, in company, had taken two prizes in sight of Mona. [ibid.

Pittsburg, April 10.

BANK ROBBERY.

On the night of the 6th instant the vault of the Farmers' and Mechanics' Bank of Pittsburgh was entered by means of false keys, and a large amount in notes and specie stolen therefrom by some villain or villains unknown. A train of extraordinary circumstances has been developed which, in all probability, will lead to the apprehension of the villains and the recovery of the money. The persons suspected of having committed the robbery are two gamblers of the names of Playmart and Emmons. They are both supposed to be Yankees. Playmart goes by the title of doctor, and is a professed gambler. Emmons is said to have formerly kept a store in New-York. They are both well dressed and genteel in their appearance. The doctor is about six feet high, slender made, wore a blue frock coat and a fashionable hat. Among other circumstances which lead to the suspicion of these men are the following: They both left Pittsburgh about a week ago, professing to go to Petersburg or Richmond, Virginia. They, however, only proceeded up the Monongahela to Elizabethtown, where they purchased a skiff, in which they procured a false bottom to be made. They returned again to Pittsburgh on or about the evening of the robbery, and one of them was actually seen in town. They had employed an artist in town to make them a small iron plate, with holes drilled through it in different parts, which was so ingeniously contrived as to deceive the artist, and particularly so, as they stated it was intended for some unknown piece of machinery, but which, it now appears, they were enabled, with the help of small files and saws which they had purchased in town, to convert into two keys, and thus to effect their nefarious purpose. They are supposed to have passed down the river in the skiff with their plunder.

We have not heard precisely the amount of money taken; but understand that there is a large amount in notes of the Farmers' and Mechanics' Bank of Pittsburgh, and also some notes of the Bank of Pittsburgh. Among other articles stolen was a gold medal granted by the congress of the United States to Gen. Morgan, commemorative of his gallant services at the battle of the Cowpens.—Its weight was about equal to 29 guineas. Also a number of Hamburg medals, of uncommonly pure gold, of different devices and impressions, and principally on naval subjects.

It is hoped that the citizens generally, and on the western waters particularly, will be on the alert in the examination of all suspicious strangers and gamblers, &c.—that they will cheerfully lend their aid in bringing the perpetrators of this daring robbery to justice.

P. S. Emmons occasionally goes by the name of Foote.

Washington, Penn. April 6.

It is due to society to publish the following flagrant breach of the laws of God and man; and it is hoped that the editors of newspapers in the United States, who wish well to morality and the peace and comfort of society, will disseminate the information by giving it an insertion in their papers:

On Thursday night, the 2d April, inst. between the hours of 9 and 10 o'clock, SAMUEL HARRIOTT eloped from this town in company with LYDIA BRICE, the wife of Mr. Thomas Brice, a respectable merchant of this borough. Harriott

had been taken into the family of Mr. Brice, to whom he was related, about six years ago, in the capacity of a storekeeper, and has lived, we believe, in his family the greater part, if not the whole of that period. He came poor to Mr. B. and was treated by him with the greatest kindness and friendship. About three years ago Mr. B. took him into partnership, and generously allowed him the half of the profits of the store, although he had not a single dollar to put into the stock. The partnership continued until a few weeks back, when it expired by its own limitation. During all this time H. was treated by Mr. B. rather as a son than as a distant relation. But mark the base ingratitude with which he repaid this friendship. Like a serpent, he stung his friend in the most vital and tender part. He insinuated himself into the affections of his wife—the partner of his bed—the mother of his beloved child—and robbed him of her who was as dear to him as his own life.

But flagrant and enormous as the guilt of Harriott must have been, we are persuaded that in the progress and accomplishment of this base and criminal transaction, the partner of his guilt bore her full share. Treated uniformly by her husband with tenderness and affection—plentifully supplied by him with every necessary and comfort of life—his happiness was bound up in her's—yet, regardless of every good principle, she has burst asunder the tenderest ties, and deserted him and his beloved child for an unprincipled paramour.

That society may be put on their guard, and prevented from affording this guilty pair any countenance or protection, is the sole object of this publication; and for this purpose it is thought proper to give the following description of their persons: Harriott is about 28 years old, tall and slender made, probably 5 feet 11 inches high, pale countenance, and rather a down look; he has lost one fore tooth in his under jaw; slow and mild in his manner of conversation. Lydia Brice, whose maiden name was Cook, is a woman above the middle size; has a placid agreeable countenance, with something of a pensive cast; she is about 29 years of age; and, what greatly aggravates her crime, has left an affectionate daughter in her tenth year. Her character, until this base transaction, stood fair; and to their most intimate friends and acquaintances herself and husband appeared to live happily and contentedly since their marriage, which took place nearly twelve years ago.

Any information respecting the aforesaid Harriott, so that he may be brought to punishment, communicated to Thomas Brice, merchant, Washington county, Pa. or to John Henderson, merchant, of the city of Baltimore, his authorised agent, will be thankfully received.

FROM INDIA.

We have received from Messrs. Topliff and Hooper, Calcutta papers to Dec. 13. They contain some details of movements against the Pindares, and also of the defeat of the Pishwa, at Poonah; but furnish no account of any new military event of importance. The governor general was encamped on the banks of the Betwah, at Erith, with 10,850 men, besides 2000 native horse, under Ahmed Buksh, prime minister of Delhi. A singular occurrence took place in the British camp, which occasioned much alarm and confusion. An order having been given for a movement of the army, as the baggage elephants were about receiving the tents, one of these animals suddenly set off in a violent rage, with a man on his back, who had ascended for the purpose of adjusting the baggage, and ran in all directions through the crowd, who were thrown into the greatest confusion. He singled out one man, who had been his leader, and trampled him to death. The officers endeavored to approach him with loaded muskets, but could not take him in a situation in which they could fire at him safely. At last another elephant was brought to the spot, which was immediately attacked by the enraged animal. After three or four hard knocks at each other's heads and teeth, the mad elephant turned and ran, the man the whole time in imminent danger remaining on his back. He was soon out of sight, but several hours after, his rider returned to camp, having saved himself by clinging to the branches of a tree under which the elephant passed.

These papers contain accounts of an insurrection which broke out in September, and had not been suppressed in the beginning of November, in several provinces of Kandy, in the island of Ceylon. Mr. Wilson, an officer in the civil department, had been killed by the Kandians.

FROM HALIFAX.

By the brig Commerce, from Halifax, we have received papers to the 4th inst. The Governor of Nova Scotia had gone on a visit to Bermuda.

The executive authority will devolve on the hon. Michael Wallace, during the absence of the earl of Dalhousie.

It was reported Sir Charles Colville was to be appointed Governor.

A new Legislature is to be chosen in Nova Scotia the ensuing summer.

Halifax, March 20.

TRADE OF HALIFAX.

During the last three or four days, two petitions, one for and the other against the extension of the trade between this province and the American states, have been handed about the town for signature—which have been signed, of course, as interest or opinion dictated. We know, that there are many well informed persons, who think that trade in general should be laid under as few restraints as possible; and who would rather sign a memorial or petition to government, for granting to Halifax all the advantages of a free port. The flourishing cities of Quebec and Montreal boast already of the great advantages of their inland trade with America; and although this province is not quite so eligibly situated in that respect, yet if it were once so that the surplus of our importations from the West Indies or elsewhere might be shipped to advantage, and form a counter-balance to the heavy demand for flour and other articles from the American states, we should soon feel the great benefit of such a course of trade. And even our farmers and graziers would soon perceive vast advantages resulting from the increased population and affluence of this capital. The commercial treaty or convention between Great Britain and America will expire in little more than a year from this time. In the interim, the American Government will endeavour, by every means in their power, to lay restrictions on the trade of these provinces; and those persons who think that any thing can be done to promote the interest of the colony, have no time to lose.

Halifax, April 3.

THE FISHERIES.

On the 27th ult. the hon. the President of his Majesty's council presented to his Excellency the Governor the following Address:—

THE ADDRESS

Of his Majesty's Council and House of Assembly.

May it please your Excellency,

That his majesty's subjects, the people of this province, anxiously hope that his majesty's government will take effectual steps to prevent foreign fishing vessels from resorting, under any pretence, to the harbors, rivers, creeks and bays, on the sea coast of Nova-Scotia; and such parts of the shores of the Bay of Fundy, as are within his majesty's dominions, and of the Gulf of St. Lawrence, Prince Edward Island, Cape Breton and the Magdalen Islands, the Labrador Shore, and the Straits of Belleisle; and also, to prohibit them taking fish of any kind within the said harbors, bays, rivers, and creeks, or upon the banks and shores contiguous thereto.

Whatever right foreigners may have to take fish, in the open waters of the Gulf of St. Lawrence, the people of this province conceive they cannot have a right to enter the said Gulf, through the narrow Strait or Passage which separates Nova Scotia from Cape Breton, it being unquestionably a part of the territory of the crown, into which foreigners can have no right to enter, as it is an arm of the sea, extending in length between both shores about twenty-one miles, and in width not more than one mile in the widest part, and about half a mile in the narrowest part; and foreigners, if excluded from this inlet, can have no right to complain, as they have free access into the said Gulf through the open sea, that lies between Cape Breton and Newfoundland; and the people of this province consider the Straits of Belleisle, in like manner, the exclusive property of the crown.

That his majesty's subjects, the people of this province, are of opinion that foreigners have no more right to pass into the Gulf of St. Lawrence or into the Bay of Fundy, for the purpose of fishing therein, or within the line which separates the territory of his majesty, in the last mentioned Bay, from the territory of the United States, than his majesty's subjects have to pass into the Bay of Chesapeake or the Bay of Delaware for the purpose of taking fish.

That British fishermen are in a great measure excluded from the most valuable fisheries on the Labrador shore, under pretence of exclusive privileges which the North West Company, and other companies and individuals also claim, under certain pretended leases, made by his majesty's government in Lower Canada, whereby they monopolize the ex-

clusive right of hunting and fishing on a vast extent of the Labrador shore: under the color of these unjust monopolies, foreigners obtain the liberty of hunting and fishing on those shores, to the exclusion of his majesty's subjects; and the same evil arises from the improvident grants which have been made of the Magdalen Islands.

That since the last peace with the U. States of America, foreign fishing vessels resort, as they did before the war, to the harbors, rivers, and creeks on the Labrador shore, in number, so far exceeding the British fishing vessels, that British subjects can only fish there at the will and pleasure of foreigners, they being unable to resist their superior force and numbers.

That foreign vessels, also, resort to all the other harbors, rivers and creeks, on the coast of British North America, the same as they did previous to the last war with the United States of America; which is totally subversive of the rights of his majesty, and destructive of the best interests of his subjects.

We pray your excellency to move his majesty's government, for such instructions as will clearly describe what are the rights of the crown, as touching the premises, and the course to be pursued, to prevent foreigners from infringing such rights, and on the behalf of the people of this province, we engage they will use their utmost endeavors to maintain and defend the same.

We also pray your excellency to call the attention of his majesty's government, and the governor general of the North American colonies, to the destructive monopolies claimed on the Labrador shore, and the improvident grant of the Magdalen Islands, so that proper steps may be taken to remove all impediments to the fishery of his majesty's subjects, under such rules and regulations as his majesty's government may think proper to establish, and we further pray your excellency to request the admirals commanding in chief on the North American, and Newfoundland stations, to use their best endeavors to exclude foreigners from the fisheries which belong exclusively to British subjects, and to prevent every infringement of the maritime and territorial rights to his majesty's North American colonies.

[His Excellency replied, that he would with much pleasure, transmit the same to his majesty's ministers, and solicit their immediate attention to it.]

FROM NEWFOUNDLAND.

We have received (via Halifax) Newfoundland papers to March 17. About which time, a passage was completed through the ice at St. John, so that vessels sailed.

The worthy and venerable Governor, Admiral Pickmore, died there on the 24th of February, only 16 days after the brig Messenger had sailed on her return. We believe no vessel got to sea from the time Capt. Peterson sailed till after the 17th of March. The remains of Admiral P. were sent to England in the Fly sloop of war—to cut a passage for which vessel one mile through the ice, it would appear several hundred men were employed about 20 days, when the weather would permit. The ice was from 3 to 5 feet thick. A very long procession to the church, when the funeral service was performed over the body, indicated how highly this faithful officer had been esteemed. The government of Newfoundland has devolved on Captain Bowker, of the navy.

St. John. (N. F.) Feb. 10.

On Tuesday and Wednesday last, the provisions brought by the brig Messenger for the relief of the sufferers by the late fires in this town, were distributed to them in shares proportioned to the necessities and the number of their families. It was a source of real pleasure to witness the many cheerful faces displayed on this interesting occasion, which no doubt would have conveyed the most heartfelt gratification to the liberal and worthy citizens of Boston, to whose bounty the unfortunate are indebted for this seasonable supply, could they have been present. The whole distribution was made in less than four hours, and we believe has given general satisfaction, which reflects great credit on the committee appointed for the purpose. We understand 180 families have been relieved by this benevolent donation.

Dr. WILDIN'S
Celebrated Antibilious Pills.
I have subscribed to inform the Public,
that they have purchased of Doctor
Wilkins his Receipt and the sole right to
make and prepare his Pills, known by
the name of Wilkins' Antibilious Pills.
These Pills have been sold in this city
and the neighboring country for the last
twelve years, and during that time have
acquired a character (for safe and effec-
tual operation) over all medicines of this
class ever offered to the public. Their
composition is known to and approved of
by several of the most eminent physicians
of this place. The subscribers, with a
view to extend their sale in the country,
and to render them an object to country
druggists and others, have reduced their
wholesale price very considerably; and to
accommodate individuals, will furnish
them for the future in whole boxes at 50
cents, and half boxes at 25 cents each.—
To prevent imposition from counterfeiters,
each direction will be signed by Dr. Hen-
ry Wilkins, the original, and D. & C.
Keener, the present proprietors.

20 Dollars Reward.
RAN AWAY from the subscriber at
Centerville, Fairfax county, Va. on
the 2d day of April 1818, a Negro Girl,
named JENNY, yellow complexion, about
19 years of age, rather low; thick lips,
slow spoken, and talks as if she had a
cold. She is a good seamstress and house
servant. She formerly belonged to Philip
Countee, and was sold to William D.
Merrick of Charles county, Md. She is
well acquainted both in Washington and
Georgetown, D. C. having lived with Mr.
Isaac Wilson, in Georgetown, and with
several others in both places, and I think
she is in that vicinity. I will give the a-
bove reward to any person who may ap-
prehend said girl and secure her in goal,
so that I get her again.

Notice.
IN the years 1784-5 and part of
1786, a certain Samuel Galt kept a
store in Port Tobacco—in '86 he gave up
his books and goods to trustees in Balti-
more for the benefit of his creditors. The
said trustees sold the goods and divided
the proceeds among his creditors there,
they paying, as I have been told, ten
shillings in the pound. Some years af-
ter the trustees sent his books to me,
with authority to collect what was due
thereon, and pay it over to his creditors
who resided in this county, and also to
sell a small lot of land he held. I have
long since collected all I could on the
books, and sold the land in 1796, but ne-
ver received the money for it until a few
days ago; and I am now ready to pay
over that there is to his creditors who
resided at that time in Charles county,
and have fixed on Monday, the 17th of
August next, to make the final distribu-
tion—it will not amount to ten shillings
in the pound with interest. I therefore
wish all claimants to send in their claims
duly authenticated against that day.
I find on the books a balance due a
Rev. Mr. Stewart, (his first name does
not appear) who was then of this place,
and have understood emigrated to the
southward; also a certain Nicholas and
Valentine Pears, who were then mer-
chants in Port Tobacco. I know not
where either of them are, but wish them
or their representatives to send in their
claims without delay.

350 Acres of Land for sale.

The subscriber wishes to sell 350 acres of LAND in the upper part of Prince William county, Va., lying immediately on the road leading from Haymarket to Leesburg, and about 5 miles from Aldie mill, from which latter place there is a turnpike road to Alexandria, distant 33 miles. One half of this land is covered with a heavy growth of timber, such as white oak, black oak, hickory, locust, &c. The buildings are all new and in good order. As there is a saw mill erected on an adjoining farm the timber may be converted into plank with convenience. This land is well watered, and none more susceptible of improvement or better adapted to the use of clover and plasters. Persons desirous of purchasing would do well to call and see it, as a great bargain may be had. For terms apply to the subscriber living on the premises.

N.B. If this land is not sold before the first day of October next, it will then be offered at public sale.

THOS BRISCOE, Prince Wm. County, Va. April 11. 6w

Public Sale.

BY virtue of a deed of trust to the subscriber, will be exposed at public sale, on the 21 day of May next, at 12 o'clock, all the real estate of which William Paton Jr died possessed, in the county of Fairfax, and state of Virginia, containing about 30 acres, being part of

The Stump Hill Tract.

situate on the Little River turnpike road, about two miles from Alexandria, in the neighborhood of well improved land, and contiguous to the property of James L. McKenna, Phineas Janney and Louis Beeber. It will be divided into lots to suit purchasers.

There are on the premises, a comfortable dwelling house, and necessary out buildings, with a good garden. As it is presumed persons disposed to purchase will view the premises previous to the time of sale, further description is unnecessary.

Terms of sale, one third cash, and the balance in three annual instalments, to be secured by a deed of trust on the land.

N. B. The sale of the above property was postponed on the 8th of last December, the time appointed in pursuance of the trust for the sale thereof.

Public Sale.

By virtue of a deed of trust to the subscriber from the late Dr. James Kennedy, jun. for the purposes therein expressed, will be sold, without reserve, on the premises, on Tuesday the 19th of May next, that valuable property situate on the east side of Fairfax-street, 72 feet 34 inches, to the northward of the intersection of Fairfax and Prince streets, part of which was formerly occupied by the deceased as a drug shop, and is now in the tenancy of Messrs. Gorman & Noyes. It comprehends two lots, with distinct fence lines, which, united, furnish a front on Fairfax-street of 29 feet; 24 feet of which extends the depth of 123 feet 5 inches in a line parallel to Prince street, and the remaining 5 feet extending back 50 feet 10 inches.

A credit will be given of 6, 12 and 18 months upon notes with an approved endorser, bearing interest from the date, and secured by a lien upon the property.

For Sale or to Rent.

THAT extensive and valuable property at the south east corner of King and Henry streets, comprising two STORES and DWELLING HOUSES. The corner store very handsomely fitted up for an Ironmongery and Hardware establishment, lately occupied by Messrs. Richard Slade & Co. and as a stand for that business is equal to any in town. The other store is fitted for the Grocery business. This property may be purchased upon a very liberal credit, or it would be exchanged, at a fair valuation, for property improved nearer to the river. Enquire of

MANDEVILLE & LARMOUR, February 28

600 acres of Land for sale.

THIS Tract is situated in Westmoreland county, Virginia, adjacent to Mr. Garnett Hunter's Plantation, and contiguous to the waters of the Potomac. The neighborhood is good—water excellent, and very desirable situations for building. A considerable proportion of the land is well timbered, besides a good deal of cedar pine and other wood, sufficiently convenient to make it an object for those who may be disposed to send it to market—it is nearly equidistant from Baltimore, Washington and Norfolk.

Any one wishing to purchase may apply to ROGER JONES, Alexandria.

Also, a very valuable LOT, containing 140 acres, being a part of the late Mr. John Turberville's tract—within 6 miles of Georgetown, 3 from the Little Falls Bridge, and near to the turnpike leading from thence to Wiley's, in Fairfax county, Va. A great proportion of this land is exceedingly well timbered, and that part which is not, is so recently cleared as to be in an active state for cultivation, and already in a productive condition. For terms, apply to PHILIP C. JONES, esq., Leesburg, Va. or to R. JONES, March 30. thsta

Chantilly.

FOR SALE or exchange for real property, or bank stock in the District of Columbia, three undivided fourth parts of the real estate of John Coffee, dec'd, containing 530 acres, lying in the county of Fairfax, Va. between Pohick Run and Occoquan, 5 miles from the latter place, the southern stage road passing through it, occupied by Captain Cornelius Wells for the present year. Those who wish to purchase or exchange will view the premises and know the terms, on application to SOLOMON PARSONS, In Alexandria or RICHARD WILSON, In Washington City.

French Creek Boarding School.

The following is published for the information of Parents:

HAVING long believed that a School on a plan different from most others in many respects, would be beneficial to society, and apprehending that with all its cares, and the responsibility inseparable from such a concern, I could more cheerfully devote my time to the education of children than to any other business, I have concluded to establish a BOARDING SCHOOL for GIRLS. With this view I have purchased the FRENCH CREEK FARM, four miles east of the yellow springs, on the Norristown and Philadelphia road, situated in Pike-land and Vincent townships, Chester county, twenty-seven miles from Philadelphia, combining many conveniences for the support of such an institution; and having let the farm, etc. in a way calculated to supply the family with provisions, I propose to devote my attention, with the aid of suitable assistants, to the education of the children who may be placed under my care.

In selecting the pupils, it is not proposed to be governed entirely by their age, nor to require that they shall all be members of the religious society of Friends; but as the school rules will be very few in number and very simple, it is my wish that none may be sent contrary to their own inclination, nor any one who would not be likely to be good examples to the other scholars, and treat them with kindness and affection.

The price for board and tuition will be two hundred Dollars per annum, one quarter always to be paid in advance—no restrictions respecting the kind of clothing are intended, nor respecting the frequency of the changes that parents may require; the washing will be charged at the ordinary price per dozen—children may be admitted for one quarter only, and such as are entered for a longer period, may nevertheless be removed at the expiration of any quarter. The communication with Philadelphia will be frequent and easy by stage, and a house of entertainment kept by the farmer for the accommodation of persons having business at the school.

Reading, Writing, Arithmetic, English Grammar, Geography and the use of Maps and globes, will be taught, together with such other branches as the progress of the children and experience may render expedient. The school to open the first of the 5th month next. For further information apply to Edward Stabler, Alexandria, or to

James Kennedy & Son,

RESPECTFULLY inform the public that they have just received from

LEE'S MEDICINE STORE,

No. 46, Maiden lane, New-York a fresh supply of the following valuable MEDICINES:

Hamilton's Worm-destroying Lozenges.

Which have within sixteen years past cured an immense number of persons of both sexes of every age and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar titles, so commonly complained of as operating with violence; on the contrary a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent—it is so mild in its operation that it cannot injure the most delicate pregnant lady or the tenderest infant of a week old should no worms exist in the body; but will without pain or griping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

Description of Worms, and the symptoms by which they are known.

Worms which infest the human body are chiefly of four kinds viz.—The Terebrator or large round worm; the Ascarides or small maw-worm; the Cucurbitaria or short flat white worm; and lastly, the Tania or tape-worm, so called from its resemblance to tape. This is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food and sometimes voracious; purging with slimy and foetid stools; vomiting; large and hard belly; pains and sickness at the stomach; pains in the head and thighs and lowness of spirits; slow fever with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's Worm-destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent the vomiting and purging of children—a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

The Restorative Powder for the Teeth and Gums.

For the prevention and cure of

BILIOUS AND MALIGNANT FEVERS is recommended

HAHN'S ANTI-BILIOUS PILLS.

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often fatal consequences. A dose never fails to remove a cold if taken on its first appearance; they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Hamilton's Elixir.

A sovereign remedy for colds, obstinate coughs, asthma, sore throats, catarrhs, and approaching consumptions.
